

NOTICE

DRINKING WATER WARNING

BOIL YOUR WATER BEFORE

USING

The Village of Goshen Water Department hereby issues a Boil Water notification effective immediately. This notification is for the entire Village.

We are asking all water users in the affected area to not drink the water without boiling it first. Bring all water to a boil, let it boil for two minutes, then let it cool before using, or use bottled water. Boiled or bottled water should be used for drinking, making ice, brushing teeth, washing dishes and food preparation until further notice. Boiling water kills bacteria and other organism in the water.

We will inform you when tests show no bacteria and you no longer need to boil your water. We anticipate resolving this problem within 48 hours. For more information please call the Village Water Department 294-5991.

This notice is being issued by the Village of Goshen Water Department, CWS #3503528, dated July 2nd, 2015.
